Ahmad Safiullah Khan

Front-end Developer

Profile

Highly motivated Computer Science graduate seeking opportunities to apply my skills and unleash my potential for success in a professional career. Eager to join a dynamic workforce, I offer reliability, adaptability, and a strong willingness to learn and grow within the company. With a keen interest in emerging technologies, I strive to leverage my abilities in front-end and back-end development to excel in a developer role and make a significant impact in an organization

Work Experience

2023-03 - 2023-05

MERN Stack Developer

Excellence Delivered ExD Pvt Ltd (Techlift), Lahore

- I actively pursued comprehensive training and knowledge in advanced web technologies. I successfully developed numerous pages using HTML, CSS, and JavaScript, showcasing my mastery in Tailwind CSS and creating visually striking UIs with React.js.
- I gained proficiency in working with React Router, Hooks, and JWT, among other essential tools and techniques. Written efficient, testable and reuseable code. I am dedicated to delivering high-quality results and continuously refining my skills to contribute effectively in a professional capacity.

2021-07 - 2021-09

Web Developer Intern

EssentialSofts, Gujrat

- During my tenure as a web developer intern, I effectively contributed to various front-end development projects. Utilizing my expertise in HTML, CSS, JavaScript, and jQuery, I skillfully designed and implemented engaging websites.
- I honed my skills in Git and GitHub, grasping their fundamental functionalities while actively utilizing version control practices.
- I excelled in creating responsive, visually appealing, and user-friendly website interfaces optimized for mobile devices.
