WORK EXPERIENCE

Freelance/Practice

(January 23, 2022 - Present)

Self

I made many small web applications using HTML, CSS, JavaScript, Jquery, Browser API(For Browser Extension), Bootstrap, Tailwind CSS, Webpack, and Vite

PROJECTS

Todo list

I built a ToDo list with deletable todos that can be stored on localStorage. HTML, CSS, JavaScript, EcmaScript6, Localstorage

Tab Manager (Chrome Extension)

I built a browser extension that manages browser tabs. It helps filter/search through tabs, also closing or muting the one making the sound.

Browser API

Bookmark Manager (Chrome Extension)

I built a browser that helps you manage your browser bookmarks. You can search through them and navigate around easily through a vertical list.

Browser API

Music player

I built a small spotify like music player.
