

Junaid Ilyas

React JS Developer / Front End Developer at work
cloud technologies

I am a highly skilled front-end developer with a passion for creating user-friendly and engaging web applications. I have over one year of experience working in the industry, and I am proficient in a variety of front-end technologies, including HTML, CSS, JavaScript, React, jQuery, and Redux. I am also a strong UI/UX designer with a keen eye for detail. I am confident that I have the skills and experience necessary to be a valuable asset to your team. A fast learner with excellent problem-solving skills, eager to take on new challenges and contribute to the success of projects. Committed to staying up-to-date with the latest frontend trends and technologies. Seeking an opportunity to leverage my skills and contribute to the development of innovative web applications.
