(10/2017 To 12/2021)

WORK EXPERIENCE

JUNIOR FRONTEND WEB DEVELOPER

ALPHA ORIGIN (SMS-PVT)

(05/05 / 2022 To 05/12 / 2022)

ACHIEVEMENTS/TASKS

- Updated old code bases to modern development standards, improving functionality. Designed customized solutions for proposals to potential customers.
- Discussed issues with team members to provide resolution and apply best practices.
- Designed, implemented and monitored web pages, plugins and functionality for continuous improvement.
- Wireframe architecture map and information architecture.
- Multi-tasked across multiple functions and roles to generate project results and meet deadlines and organizational expectations.
- Developed page layouts and navigation tools that met or exceeded user expectations.
- Make web designs that are mobile-savvy.
- Develop a flexible and well-structured front-end architecture, along with the APIs to support it.

PROJECTS

K-T SUBMIT TREKS (FYP)

- Our Project about web base application of Tourism Management System. The goal of this project is to create a system that automates the processes and activities of a travel agency. It is tedious for a person to organize a particular trip and have it executed properly.
- This project is developed to replace the currently existing system, which helps in keeping records of the customer details of destination as well as payment received.
