

Mehar Hamza

Front End Developer

Male | 10th December, 1999 | Pakistan

Citizenship: Pakistan

As a front-end developer with one year of experience, you likely have a solid foundation in the fundamental technologies and tools used in the industry. Your proficiency in HTML, CSS, and JavaScript is likely strong, and you may have experience working with popular frameworks and libraries such as React

Professional Experience

Front End Developer

Vvork Cloud Technologies

Oct 2021 - Apr 2023

As a front-end developer I'm responsible for designing and building the user-facing portion of websites and web applications. This includes creating responsive layouts, implementing user interactions, and ensuring a smooth and seamless user experience. Front-end developers typically work with HTML, CSS, and JavaScript, as well as various frameworks and libraries

Educational History

BS Political Science

Punjab University

Feb 2018 - Apr 2020
