About Me:

A passionate Full Stack developer, core expertise is in Mern Stack (ReactJS ,ExpressJS ,MongoDB , NodeJS) development. Looking to join a team with whom communication and teamwork are paramount. Having around 1 year of experience working with web development, I would jump at any opportunity to continue growing my skillset in the web development field.

Professional Experience:

- **Associate Software Engineer | March-2023 – Present**

@ChargeByte

- Designing, developing, and maintaining software applications using Mern Stack.
- Collaborate with other members of the development team to implement new features, debug and fix issues.
- Participate in code reviews, contribute to technical discussions.

- **MERN Stack developer | Oct-2022 – feb-2023**

@PenAndWeb

- Design and implement the user interfaces (UIs) and UI components
- API's development and integration ..

- **MERN Stack development bootcamp | July 2022 – Sep 2022**

@Game Train

Participated in a 12-week Mern development Boot Camp spending over 350+ hours learning how to develop UIs and apps: from the fundamentals of Programming and development testing and deployment of APIs skills needed to be successful in full stack developer.

Education:

- **Superior University Lahore | 2018 – 2022**

Bachelors in Computer Sciences | 3.1 CGPA

Technical Skills:
