EXPERIENCE

Web Devrs, Lahore — *Web Development(React.JS)*

May 2022 - Present   1 year

I am working in this organization since 11 months.I am responsible for frontEnd templates layouts designing and as well as development.I am working on React.js framework as well.I have learned so many things during this time period, like frontend development as well as some extra UI of React like(Tailwindcss, Ant Design, Chakra UI, Material UI).

Digital Cru, Lahore — *Web Development(React.JS)*

Dec 2020 - Jan 2022   1 year

I have worked for this company for almost 10 months 2 months of internship and then signed an agreement for one year. I have learned so many things during this time period, like frontend web development(HTML5, CSS3, JavaScript, Bootstrap5, Material UI) and the framework React. I worked on some major projects like e-commerce website and created a Text - Box web app using the frontend framework React.js.

EDUCATION

Virtual University, Lahore — *BS Computer Science*

2017-2021

I spent my 3-4 semesters in Virtual University In BS Computer Science.

I froze my running BS Computer Science
semesters after knowing and realizing the need for modern technology. Then I stepped inthefieldofwebdevelopmentand till now I am working and learning on this.
▶I am open to job opportunities where I can contribute, learn and grow.If your requirements match my skills then consider me :)

PROJECT

I have done almost 200+ projects by using the HTML ,CSS , Javascript

, ReactJS and some other frameworks and libraries like Material ui , Bootstrap ,Tailwind CSS and Sass etc.
