

# ZEESHAN HASSAN

Sr. Frontend Developer

[zezeeshan4@gmail.com](mailto:zezeeshan4@gmail.com)

0341-4755149

Lahore Ghazi Road

Professional web designer & front-end developer with extensive experience building Word Press driven websites, HTML, CSS and various web scripting technologies, web standards and project management. I am enthusiastic web professional motivated by challenging projects and deadlines and contributing towards the organizational growth for the last 4 years.

## Responsibilities

Major portions of responsibilities at a glance are:

1. Develop and implement user interface responsive and mobile friendly components using HTML, CSS, Bootstrap and JavaScript.
2. Collaborate with designers, back-end developers, and other stakeholders to ensure seamless integration of user interface design with backend functionality.
3. Work closely with project managers to ensure project timelines and goals are met.
4. Drawing up detailed website specifications.
5. Present initial design ideas to clients.
6. Meeting with clients to discuss website design and function.
7. Ensure cross-browser compatibility and optimize web pages for maximum speed and scalability.
8. Provide technical guidance and support to other team members as needed.
9. Participate in code reviews and providing constructive feedback to peers.
10. Troubleshoot and resolve technical issues that arise during development and after launch.
11. PSD, Figma, x-design and in-design to Word Press, HTML, and vue.js fully responsive web designing.
12. Design the website's visual imagery and ensure it's in line with company branding policy or the requirements of the client.
13. Troubleshoot content issues.
14. Monitor the performance of the live website.
15. Stay up-to-date with the latest web development trends and techniques.
