### PROJECTS

#### INVENTORY MANAGEMENT SYSTEM

An inventory management system is a system to manage each inventory item a business owns. And handling all functions events using php and mysql as backend and html, CSS and JavaScript as front end.

#### PORTFOLIO WEBSITE

A portfolio website is used to show your work and let others know about yourself. I create this website by using html, CSS, JavaScript.

#### LYRICS WEBSITE

Lyrics website is a vast compilation of song lyrics, album details, and featured video clips for a seemingly endless array of artists. I create this website by using html, CSS, JavaScript.
