

Dear Sir/Madam,

Being an Electrical Engineer I have 5 years of experience working as a Sales and Service Engineer in a reputed company. I have always been good at writing codes and inclined towards the development side.

I am currently looking for an entry-level position in an IT-based services company. I intend to do it in pursuit of learning new skills and increasing my horizon to the core IT field from beginner to advanced player. This opportunity can play a vital role in kick-starting my career to new areas of success.

Working at your company will ensure a win-win situation for me and your company. I prove to be an asset to the company

Looking forward to a positive response from your side.

Regards,

Ahsan Ijaz
