## WEB DEVELOPMENT - INTERN

My passion for continuous learning and being current with market developments sets me distinctive. I am constantly excited to investigate new frameworks and technologies that can improve my web development abilities. I can efficiently analyze problems and put effective solutions into action since I am a proactive problem solver.

---

## CERTIFICATION

### WEB DEVELOPMENT – HOUSE OF PROFESSIONALS 2018

I learned basic to mid level web development from the institute named “House of Professionals”. I have hand-on practice experience in the languages and libraries mentioned in the “Skills” section. I gained A+ grade in certification.

---

## ACHIEVEMENTS

### MYSQL TEST- SOLOLEARN 2022

I attempted the test of MySQL by Sololearn and cleared it. I also got an appreciation certificate from them.

---

## ACADEMIC REVIEW

My graduation is in progress with CGPA 3.3. After summer my 7<sup>th</sup> semester is going to get started. In this summer I want to do internship in a reputed tech company to learn from the professional individuals. I have also done a PHP based web project. I am learning PHP framework Laravel and React.js (JS Framework).
