ENGINEER (FRESHER)

+92 324 4100898  
daniyalnaqvi28@gmail.com  
20/2A Jaffria Colony Lahore

## PROFILE

As a junior web developer with less than a year of experience and a focus on creating highly scalable applications, I am confident in my skills and expertise to take on any challenge and deliver excellent results.

## SKILLS

- Full Stack Developer
- React.js
- Redux
- Node.js
- MongoDB
- MYSQL
- JavaScript
- Problem Solving
- Object Oriented Programming
- Data Structure
- Freelancing

## EXPERIENCE

### WEB APP DEVELOPER

Final Year Project ( Assets Management System )

- This is a web application that allows for the management of assets. In the event of any issues or concerns, employees can easily contact the work staff for assistance.

### BACKEND DEVELOPER

Freelancing Task

- I work on a call center CRM, primarily focused on backend development. Specifically, I work on lead display and lead management for user-generated leads.

### FRONTEND DEVELOPER

Freelancing Task

- I work on an online test system that is based on multiple-choice questions (MCQs). My primary responsibility involves front-end development, where I design and create React components to facilitate MCQ selection

## EDUCATION

### FSC (PRE ENGINEERING)

KIPS College Lahore

### BACHELORS OF SOFTWARE ENGINEERING

COMSATS University Lahore
