About Me

Highly motivated and detail-oriented web developer intern with a strong foundation in web development technologies and a passion for creating innovative and user-friendly websites. Seeking a challenging internship opportunity to further enhance my skills and contribute to the success of a dynamic organization.

Hard Skill

- Proficient in HTML, CSS, JavaScript, and other front-end technologies
- Experience with responsive web design development
- understanding of web development frameworks (e.g., React,)
- Knowledge of version control systems (e.g., Git)
- Ability to debug and troubleshoot web applications
- Excellent problem-solving and analytical skills
- Effective communication and collaboration abilities

Professional Experience

SEO Freelancer (Off-Page SEO Specialist)
2021 – 2022

Key responsibilities:
- Implemented effective off-page SEO strategies, including link building and content promotion, to improve website rankings and visibility.
- Managed online reputation by monitoring mentions, reviews, and feedback, and taking proactive measures to address any negative publicity.
- Collaborated with influencers and leveraged their audience to build valuable backlinks and enhance brand visibility.

AR Executive position in medical billing

2022 – 2023

Key responsibilities:
- Managed accounts receivable processes, including analysis, follow-up, and resolution of outstanding medical claims.
- Collaborated with insurance companies, healthcare providers, and patients to address billing inquiries, disputes, and discrepancies.
- Implemented strategies to optimize revenue cycle management, reduce outstanding balances, and improve cash flow
