

Abrar UL Hassan

WEB DEVELOPER

As a Laravel and VueJs developer with 1.5 years of experience, I have developed a strong understanding of both front-end and back-end web development. My expertise in websockets and third-party APIs has allowed me to integrate different technologies and services into web applications seamlessly. Detail-oriented team player with strong organizational skills. Ability to handle multiple projects simultaneously with a high degree of accuracy.

WORK EXPERIENCES

Oct-2022 - Present

► **Laravel & VueJs Developer**
Tecymer (remote).

- Developed real-time chat applications and management systems using Nuxtjs, Vuejs, and Laravel.
- Developed REST APIs for mobile applications, ensuring seamless integration with backend systems.
- Developed a chrome extension that connects to Laravel applications, enabling users to access key features and functionalities directly from their browsers.
- Collaborated closely with designers and other developers to create responsive and user-friendly applications that meet the needs of clients and users.
- Ensured that all applications and systems were developed to meet high standards of security, scalability, and maintainability.

Oct 2021 - Oct 2022

► **Laravel & VueJs Developer**
DigiXoft, Lahore.

- Developed custom Shopify apps to manage e-commerce business, streamlining key workflows and improving overall efficiency.
- Utilized Shopify APIs to develop custom features and functionalities that integrated seamlessly with Shopify's core platform.
- Developed Laravel applications that integrated with third-party APIs such as Facebook, Shopify, and payment gateways, enabling smooth data flow and real-time updates.
- Worked closely with clients to understand their specific business needs, and developed customized solutions that met those needs.
- Maintained clear and effective communication with clients throughout the development process, ensuring that their needs were met and any issues were addressed in a timely manner.
