Lahore, Punjab Pakistan.

SUMMARY

As a Laravel Developer, my expertise lies in designing, developing, and maintaining web applications using PHP/Laravel framework. I possess a strong understanding of database systems, and front-end technologies such as HTML, CSS, and JavaScript.

I am also skilled in using industry-standard tools such as Git, Fork and AWS to manage projects and streamline workflows.

With a strong commitment to quality and attention to detail, I am dedicated to delivering high-performance and scalable applications that meet the specific needs of clients. I am always striving to expand my knowledge and stay up-to-date with the latest advancements in the field, as well as seeking out opportunities for professional growth and development.

SKILLS

- **Programming Languages:** PHP, Laravel, JavaScript (React), HTML5, CSS, Bootstrap, MySQL, WordPress, Block Chain, and LINUX
- **Version Control:** Git, GitHub.
- **Excellent communication,** presentation, and interpersonal skills. Excellent project management and teamwork capabilities.

WORK EXPERIENCE

Techesthete, Lahore, Pakistan

Laravel Developer (February 2022 - continue)

- Gathering Requirements, System Analysis, Design, Development and testing.
- Implementing MVC architecture in web application.
- Building modules using Laravel Framework.
- Adding new features in web application.

Projects

Techesthete Official Web Application:

Tools: HTML, CSS, JS, PHP, Laravel

In this project I have developed not only the frontend but also worked as a Full Stack Laravel Developer.

Super MOM:

Tools: HTML, CSS, JS, WordPress. EcoArt an Italy-based Tour Operator promoting unique and extraordinary ways to explore the peninsula and beyond. EcoArt is supported by a young and enthusiastic team of travelers who aim to bring fresh perspective to our clients' travel experience.

TravelWeb:

Tools: HTML, CSS, JavaScript, PHP, MySQL, Ajax. I have participated as a Full Stack developer in this project. I started from basic structure to implementation with the best professional practices. I have made significant efforts in successfully completing the project.

EARL:

Tools: HTML, CSS, JavaScript, PHP, MySQL, Ajax. I have developed this application for my client. Covering a complete portfolio of a Boxer and providing online training services to different clients.
